## white label & e-commerce solutions for travel

In the rapidly changing global travel market an effective online presence is key to your long term business strategy.

Equally as important is working with a provider who can help your website evolve to meet the ever changing needs of your customers.

### Key Features:

- Full search, cost and book online of traditional package and dynamically packaged holidays
- Search and book flights
- Access to ancillary products e.g. car hire, transfers, attractions with online booking
- Full administration suite, providing you with all the tools you need to add special offers, your own mark ups and much much more
- Booking handoff to the TARSC back office system
- TARSC Online Payment System - allowing your customers to manage their own bookings from home

Of course anything is possible and we are always happy to look at what your requirements are and how this can be achieved both efficiently and cost effectively.

We take pride in our service which is why;

- We provide professional project management for every step of the way
- Release plans and dates are agreed and regularly reviewed
- The price we quote is the price you pay
- We will provide help and guidance through the entire process to ensure that you are achieving the very best from your website
- We are happy for you to talk to existing customers to see what worked for them and the experience they have from working with us

You can also take peace of mind in knowing that our web services are hosted from our central network management centre and are backed up by our disaster recovery solution.

This gives you unrivalled quality of service you know that should the unexpected happen your ability to trade on the internet will be there.

The Vertical Group can provide you with the tools and expertise to realise your business ambitions. For more details and information please call 0800 983 0000.
